**EMERGENCY
ACTION
PLAN**

WORKSITE: MIRAMAR COMMISSARY

San Diego, CA

Project Manager: Raul Olave

Date: October 2023

PURPOSE

This plan is for the safety and well-being of the employees of Job Options, Inc. (JOI), working at **MIRAMAR COMMISSARY** located in San Diego, CA. This Emergency Action Plan is to help prepare employees for dealing with emergency situations. It is designed to minimize injury and loss of life and identifies necessary management and employee actions during emergencies reasonably expected to occur at the site. Education and training has been provided so that all employees know and understand the Emergency Action Plan.

LOCATION OF PLAN

A copy of this Plan can be found in the following locations:

1. JOI's Project Manager's Office – See Safety Binder
2. JOI's Corporate Office – See Safety Department
3. JOI's safety intranet – safety.jobop.org

Upon request, an OSHA representative may obtain a copy of the plan from:

Gladis Jarquin, Safety Officer
Job Options, Inc.

EMERGENCY POLICY

It is the policy of this worksite that all employees should evacuate the premises in case of emergency. However, designated employees are authorized to use portable fire extinguishers to fight small fires **only if conditions permit** as indicated below (refer to Training: Fire Extinguisher Training section below). All other employees must evacuate the workplace immediately in the event of a fire or other emergency.

IF THERE IS A FIRE IN YOUR WORK AREA:

When fire is discovered:

- Activate the nearest fire alarm;
- Notify the local Fire Department by calling **911**

Fight the fire ONLY if:

- The Fire Department has been notified;
- You are a designated employee trained on the use of portable fire extinguishers and the fire is small and is not spreading to other areas;
- Escaping the area is possible by backing up to the nearest exit;
- The fire extinguisher is in working condition.

Upon being notified about the fire emergency, employees must:

- Leave the building using the designated evacuation procedures and exit routes.
- On your way out, warn others nearby. Assist individuals with disabilities as needed.
- Check doors for heat before opening. Do not open the door if it is hot.
- Assemble in the designated area listed in the Evacuation Procedures & Exit Routes Section below.

EVACUATION PROCEDURES & EXIT ROUTES

- Exit routes have been established throughout the facility where necessary and employees have been instructed accordingly.
- All exits will remain unobstructed during working hours.
- As soon as an emergency alarm is heard, all employees are required to stop what they are doing and leave the building immediately.
- Employees will proceed to the designated evacuation assembly area and report to the supervisor responsible for conducting a headcount.

When evacuating the building or work area:

- Remain calm; do not panic. Move quickly but don't run. Don't push or crowd.
- Evacuate the building using the nearest exit (or alternate exit if nearest exit is blocked).
- Do not use elevators.
- Use handrails and stairwells.
- Keep noise to a minimum so that you can hear emergency instructions.
- Follow directions given by a Supervisor or the Emergency Evacuation Coordinator.
- Immediately go to the designated rally point for roll call to be taken and remain there until further instructions are given by a Supervisor or the Emergency Evacuation Coordinator.
- Do not re-enter the building or work area until you have been instructed to do so by the Emergency Evacuation Coordinator or emergency responders.

CRITICAL PLANT OPERATIONS

OSHA requires employers to establish procedures for personnel who remain behind for critical plant operations. There are no critical plant operations at this worksite that would require any JOI employees to remain behind to shut down. Therefore, **all** JOI personnel are required to evacuate the premises when necessary.

REPORTING EMERGENCIES

An employee, upon discovering an emergency situation, shall immediately notify supervisory or management personnel. The following emergencies are to be reported to the area supervisor:

- Fire
- Natural Disaster (tornado, flood, earthquake)
- Medical
- Workplace Violence
- Hazardous Material Spill
- Off Site Injury or Vehicle Accident
- Other Emergencies as applicable

The following personnel have the duty of contacting public responders to come to the emergency scene (refer to Emergency Numbers below). The personnel are listed in order of availability.
